INTRODUCTION:

India's Agricultural Crop Production Analysis(1997-2021)

This report delves into the captivating realm of India's agricultural cultivation, providing a comprehensive visual exploration of key aspects and trends in the agricultural sector. Through the visual representations, readers can gain valuable insights into crop production, seasonal variations, regional distribution, and overall production trends. These visualizations enable intuitive analysis, allowing stakeholders to uncover patterns, identify areas of growth or concern, and make data-driven decisions.

EMPATHY MAP AND BRAINSTORMING MAP

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

How to increase crop production? 

Ways to increase crop production

Key rules of brainstorming

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕒 10 minutes

TIP

You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

Person 1

Select high yielding crops

Use vertical space to get more yield

Use raised beds to increase crop yield

Person 2

Choose fast-maturing crop varieties

Nourish your soil to get more yield

Control pest for more yielding

Person 3

Conserving the soil, crop rotation, less use of fertilizers

Use proper irrigation method

Prepare the soil to improve crop yielding

Person 4

Interplant to improve crop production

Protect plants from weeds

Soil fertility is important

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

🕒 20 minutes

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

THANK YOU

The background features a large, abstract geometric design on the right side. It consists of several overlapping triangles and polygons in various shades of green, ranging from a light lime green to a dark forest green. The design is dynamic and modern, with sharp angles and clean lines. A thin, light green line extends from the bottom left towards the center of the composition.
